

Is PAR or POP for you?

"I give by Pre-Authorized Remittance because my church is one of my priorities."

What is Par or POP?

If you are used to automatic withdrawals from your bank account for mortgage or car payments, loans, utilities, etc. then you already understand the principle of PAR (Pre-Authorized Remittances) or POP (Pre-authorized Offering Program).

PAR or POP allows you to give your offering in a way that is convenient and assures that your congregation has a regular, dependable flow of contributions.

How does the program work?

A cheque is drawn on the bank account of each contributor each month. The congregation then receives a transfer of funds representing the total amount contributed from all members participating in the program. (There is no fee charged to the contributor—the congregation pays a small administrative fee.)

What are the advantages of PAR or POP?

- gives you the opportunity to make your congregational stewardship part of your over-all financial planning.
- regular support to the church in the amount that you choose.
- assures that support of the congregation is ongoing, even when you are away, and helps avoid "catch-up" periods.

Additional offerings may be made at any time.

For more information, contact the Synod Office
