

The Lord Now Sends Us Forth

We thank God
that as the good news
of the gospel
spreads to distant lands
we not only share *our* heritage
of songs and hymns
but open our ears
and eyes
and hearts
to songs from these lands
that see God
in a new light.

So in oppressed lands
such as much of Latin America
we learn of 'Liberation theology'
and we see Jesus
as One who offers hope
of justice
and peace.
And we hear again
...that *we*
are the ones called
to live out God's call
for justice and peace
here on Earth.
